TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, SQL
Frontend: HTML5, CSS3, React, React Native, Next.js, React Router, Tailwind CSS, Redux Toolkit
Backend: Node.js, Express.js, Spring Boot, Spring Security, Hibernate/JPA, REST APIs
Databases: PostgreSQL, MongoDB
Tools: Git, GitHub, Docker, Maven, GitHub Actions, Vite, Render

PROFESSIONAL EXPERIENCE

ManageOS | 2026 • Live application

Product Engineer / Full-Stack Software Engineer · Freelance / collaborative product development

- Co-designed a multi-company operations platform across React, Node.js/Express and PostgreSQL, connecting organizational goals, projects, work reviews and approvals.
- Implemented company-scoped data access and role-aware authorization, enforcing organizational boundaries in backend services.
- Established automated API/integration and browser checks; supported database migrations, deployments and backup-restore verification.

Multi-Vendor Marketplace | 2026

Lead Backend Engineer · Freelance / client engagement

- Led Java/Spring Boot backend delivery for customer, vendor and administrator workflows, defining API contracts with frontend developers.
- Designed parent orders and vendor-specific sub-orders with transactional inventory updates and concurrency safeguards.
- Implemented Paystack payment verification, recovery/retries and scheduled reconciliation for unresolved payments.

Airline Reservation Platform | 2025

Full-Stack Developer · Freelance / client engagement

- Contributed to web and mobile reservations with Java, React Native and SQL across flight search, passenger bookings and administration.
- Worked on authentication, payments and chatbot functionality integrated with booking workflows.

RESEARCH EXPERIENCE

Applied Engineering Investigation — Multi-Vendor Marketplace | 2026

Evaluated checkout concurrency, transaction boundaries and payment-recovery alternatives; applied findings to Marketplace inventory and payment workflows.

Additional research: Electricity operations and digital-health product feasibility.
